The Ocean 50s are the new Multi 50s – Multi 50s with foils! Formally established as a new box-rule development class in 2017, Sailonline have been fortunate to get its hands on a generic polar for these state-of-the-art machines.

To date (2013), at least ten of its kind, with names like Arkema, komilfo, Leyton, arsep, Primonial, Koesio, GCA and Lamotte, have launched. See adjacent and above.

Competing on their own Pro Tour, the Route du Rhum and other iconic long distance yacht races, the class's season never stops. Let's see can we join or shadow them here and there around the globe!
